ULTIMATE CANINE HIP & JOINT

NUTRITIONALLY SUPPORTS

The Missing Link[®] Ultimate & Hip Joint targets the nutritional gap between what nature provides and what is available in commercial foods. Our proprietary, patented cold-processing method ensures the freshest delivery of precious Omega 3 fatty acids.

This unique synergistic blend of the highest quality ingredients combines:

- Glucosamine to support healthy joints and flexibility.
- Omega fatty acids to support intercellular health, for absorption of fat soluble vitamins, and to maintain energy levels.
- Dietary fiber to promote a healthy digestive system.
- Phyto (plant) nutrients to support general health and nutrition.

Your dog will love it and you'll love the result! *Robert M. Collet D.V.M.*

NO PRESERVATIVES • NO ARTIFICIAL COLORINGS OR FLAVORS

GUARANTEED ANALYSIS:

Represents minimum levels per Tbsp. (3 tsp.) = 8g unless otherwise stated:

Crude Protein (min)	18%
Crude Fat (min)	28%
